

# Connexion du CV7 avec le SPX5 Raymarine LCJ Capteurs

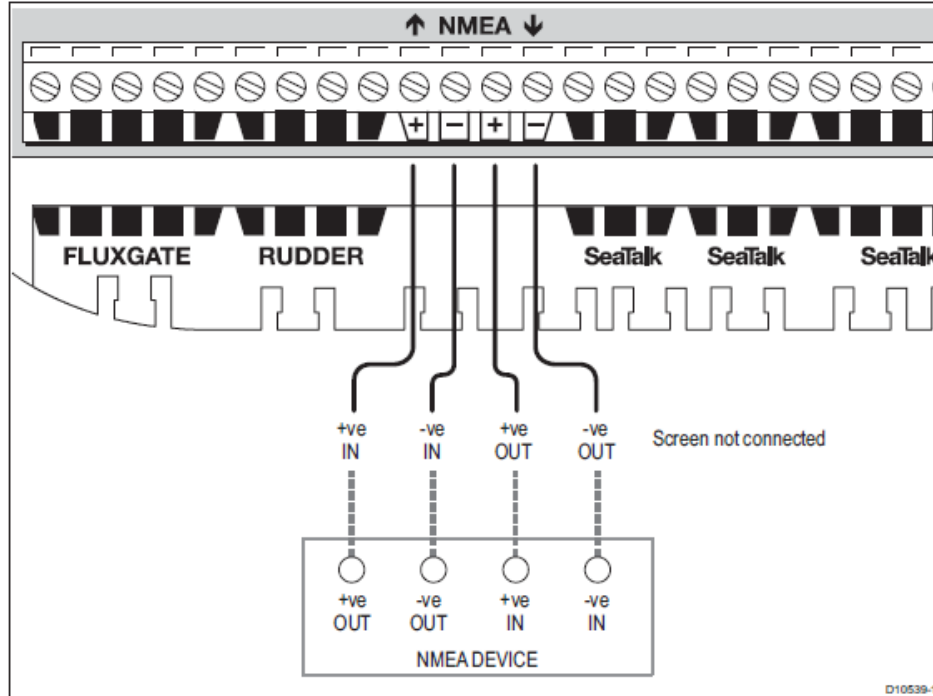

## X-5 connection overview

The X-5 course computer provides the following system connections.

### NMEA 0183 equipment

The SPX-5 Tiller system can connect to NMEA devices such as a GPS or chartplotter.

### Data bridging

The SPX-5 Tiller system acts as a bridge between SeaTalk and NMEA, allowing NMEA and SeaTalk devices to share information.
